

Cricklade Neighbourhood Plan

The Cricklade Neighbourhood Plan is about the use of land within the Parish of Cricklade up to 2026. It is the way to take forward the land use related aspirations expressed in the recently completed Town Plan, within the constraints imposed by national planning policies and Wiltshire's Core Strategy. **Are you interested in or have views on:**

- Where should any new housing within the existing built up area be located? What type or design should this be?
- Should there be any new housing development outside the existing built up area? If so, what and where?
- How important are the existing open spaces in the town? Should some of them be built on?
- Should employment be expanded? What new employment areas might be considered?
- Are there any schemes that might reduce through traffic in Cricklade, particularly HGV's? Are any of them feasible in the plan period?
- How might other developments, such as the proposed extra care facility and the Cricklade Country Way impact on land use in the Parish?

Have your say on Cricklade's Future

To find out more about these issues and how you can influence the plan over the next few months, come along to either of the following drop-in sessions

Cricklade Town Hall
